Bible Story

Baby Moses

A new pharaoh started to rule Egypt. He said:

The children of Israel are growing more and becoming a strong and powerful nation, I have to do something before it is too late.

The pharaoh made the Israelites slaves and started to deal with them very harshly, but the more he afflicted them the more they multiplied and grew.

Then the pharaoh commanded his army saying: *Every son who is born, kill him, and every daughter you shall spare.*

Bible Story

About this time, an Israelite woman from

the daughters of Levi called Jochebed had a baby boy. She was afraid that her son will be killed, so she hid him for three months.

When she could no longer hide him, she put him in a basket and placed him in the river, his sister Miriam watched to know what would happen to him.

The daughter of the pharaoh came down to bathe at the river and she saw the basket.

She found the baby and decided to bring him up since she had no children, and she named him Moses because it means: *I drew him from the water.*

Bible Story

Miriam, Moses' sister, was there and she saw this,

so she said to the princess: *I can bring a nurse for you to nurse the baby.* The princess agreed, so Miriam called Moses' mother and she nursed him.

Because Moses' family showed love and care for him he was saved, and we too must show love and care to our families.

The story did not finish yet. It will be continued next month.
