Sunday School Grade 11

A.G.A.P.E. Curriculum

- The AGAPE curriculum is for exceptional student education [ESE] for Sunday School. It is designed by the Coptic Orthodox Diocese of the Southern United States.
- This is a modified curriculum designed for individuals with special needs.
- This curriculum is intended to be taught alongside with the general Sunday School program for each grade.

Sunday School Grade 11

A.G.A.P.E. Curriculum

- Inclusion is an important aspect of the social and learning paradigm of individuals with special needs.
- Stewards serving children and youth with special needs should try to integrate the students in the mainstream classes for as much time as can be tolerated by the student with special needs.
- Integration and inclusion foster friendships among the same age peer group.

Preparation for Euthanasia

Lessons for Filler Lessons

- **Lesson Outline: # 4**

- There are many reasons used for euthanasia. The patient desire, the honor of human life and for the patient interest.
- Man does not have authority to discontinue his life based upon his desire to do so. This does not justify others to carry out this desire.
- This leads to the acceptance of suicide. No sickness, pain or physical weakness can destroy the honor of a person.
- The aim of medicine is to preserve life. It is not to discontinue life for the reason of the inability to present a cure.
- We leave the matter of the life and death of the sick, in faith and total submission to our Good Lord. Who alone knows what is of benefit to the sick.
- A Christian should accept the suffering in his life if God's will permits it. A human that takes another persons life is taking the role of God.
